The Performative Biofact

Lucie Strecker

University of Applied Arts Vienna,

FWF Elise-Richter PEEK research project

“The Performative Biofact”

The Guest Lecture Series of Professor Ingeborg Reichle's seminar *Molecular Aesthetics: Living Systems in Art and Biodesign* reflects on the transformation of media theory through the rise of biomedicine and is an informative and stimulating opportunity to hear from distinguished artists about what's going on in the emerging fields of bioart and biodesign as well as helping our students to build their network of contacts. Our guest lectures are open to all.

Date and time: Tuesday, November 14, 2017, 4:15–6 pm.

Venue: University of Applied Arts Vienna, Oskar-Kokoschka-Platz 2, 1010 Vienna, Lecture Hall 7 (first floor)

Please check the website medientheorie.ac.at regularly for further lecture announcements and updates.
